

Projects

Projects are an important part of our business. Selva Stone regularly takes up project orders and specialises in professionally handling project work. Selva Stone has successfully bagged and completed projects for two prestigious projects within one year of its inception.

1. Muscat International Airport, Oman

Selva Stone provided Classic Paradiso 3cm cut to size granite slabs with book match pattern for flooring at Muscat International Airport in Oman. We were proud to receive special appreciation and note of thanks for our work from the Sultanate of Oman for delivering above expectations and completing the order ahead of schedule.

2. ADNOC Headquarters building in Abu Dhabi, UAE

Selva Stone successfully provided cut to size Absolute Black 3cm granite slabs with flamed and brushed finish for flooring at ADNOC headquarters building in Abu Dhabi, UAE.

About Us:

Selva Stone is a state of the art granite processing unit located near Bangalore, India. This 100% EOU processes and exports premium quality granite slabs to overseas markets.

Infrastructure:

Selva Stone is a first of its kind facility in India with robotized machinery imported from Simec S.P.A, Italy.

The machineries include:

1. Monowire block dressing machine.
2. Multiwire gangsaw machine with 70 and 72 wires.
3. Line polishing machine with automatic loader and unloader.
4. Resin Line with automatic loader and unloader.
5. CNC Bridge cutting machine to process all shapes and sizes with high precision.

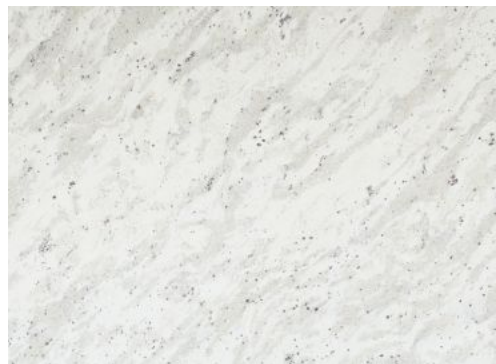

The company has a production capacity of 2-3 containers per day and 60-70 containers per month.
